

Saskatchewan Environmental Industry and Managers' Association

2011 Green Team Student Summer Works Employers

The following companies and organizations have been approved to hire students to work on environmental projects this summer.

Using this list, students can get in direct contact with these potential Environmental Sector employers who may be looking to hire students this summer to take on new and exiting environmental projects. Although these are the positions for which employers have been approved to receive funding, there may be additional positions available with any employer on this list.

Please note that the hiring process is between the student and the employer, and that SEiMA is not involved in this process.
