

SEIMA Student Chapter

Membership Benefits

- ❖ SEIMA enables students to **remain up-to-date** with the progress and direction of this rapidly evolving field, providing access to ample programming throughout the year. As a strong member association, SEIMA connects its members to important information that can otherwise easily be overlooked in today's fast-paced world.
- ❖ By attending SEIMA events, students will get to **meet many potential employers!** SEIMA facilitates networking within the industry through a number of initiatives, including a luncheon series, an annual conference and trade show, and seminars and workshops all on topics of relevance to the industry.
- ❖ Student members **receive discounted prices** for all SEIMA events, paying only cost-recovery rates. SEIMA workshops, luncheons, Business Expo and Trade Show and EnerCan West conferences offer training, networking and opportunities for professional interaction, becoming the hub around which new business collaborations are developed.
- ❖ At our many events throughout the year, a **SEIMA ambassador will be assigned to the students** attending. A knowledgeable and experienced SEIMA member, the ambassador can help to provide networking and professional liaison opportunities for students.
- ❖ SEIMA membership aids students in **interdisciplinary networking with fellow students** through meetings, events, and on-line interaction. Join a network of peers who can support you through your studies!
- ❖ Students have **personal access to environmental industry employers** through SEIMA events. Combine this with using our on-line **job board and resume bank** feature, and SEIMA members will think of you and your commitment to the industry first!
- ❖ Any member has the opportunity to **participate on one of SEIMA's many committees**, and Student Members are no different! Learn how organizations work and have a say in what happens within *your* environmental industry!
- ❖ Student members can demonstrate their commitment to responsible environmental practices by **displaying their membership certificate and the SEIMA 'bug'** on their business and professional correspondence, and by wearing their SEIMA Student Chapter lapel pins.
- ❖ **Student status does not end with graduation!** Students are eligible for Student Chapter Memberships up to 12 months after graduation, providing an even smoother career transition.
- ❖ **Corporate rates with Enterprise Rent-A-Car and Discount privileges at Mark's Work Wearhouse:** Your SEIMA member discount card gets you deals on most work and casual wear needs, winter clothes and accessories as well as both CSA approved and casual footwear!

With your input, we're always working on more! To find out more about SEIMA including how to apply for Student Chapter Membership, visit www.seima.sk.ca
