Canadian Fuels
ASSOCIATION

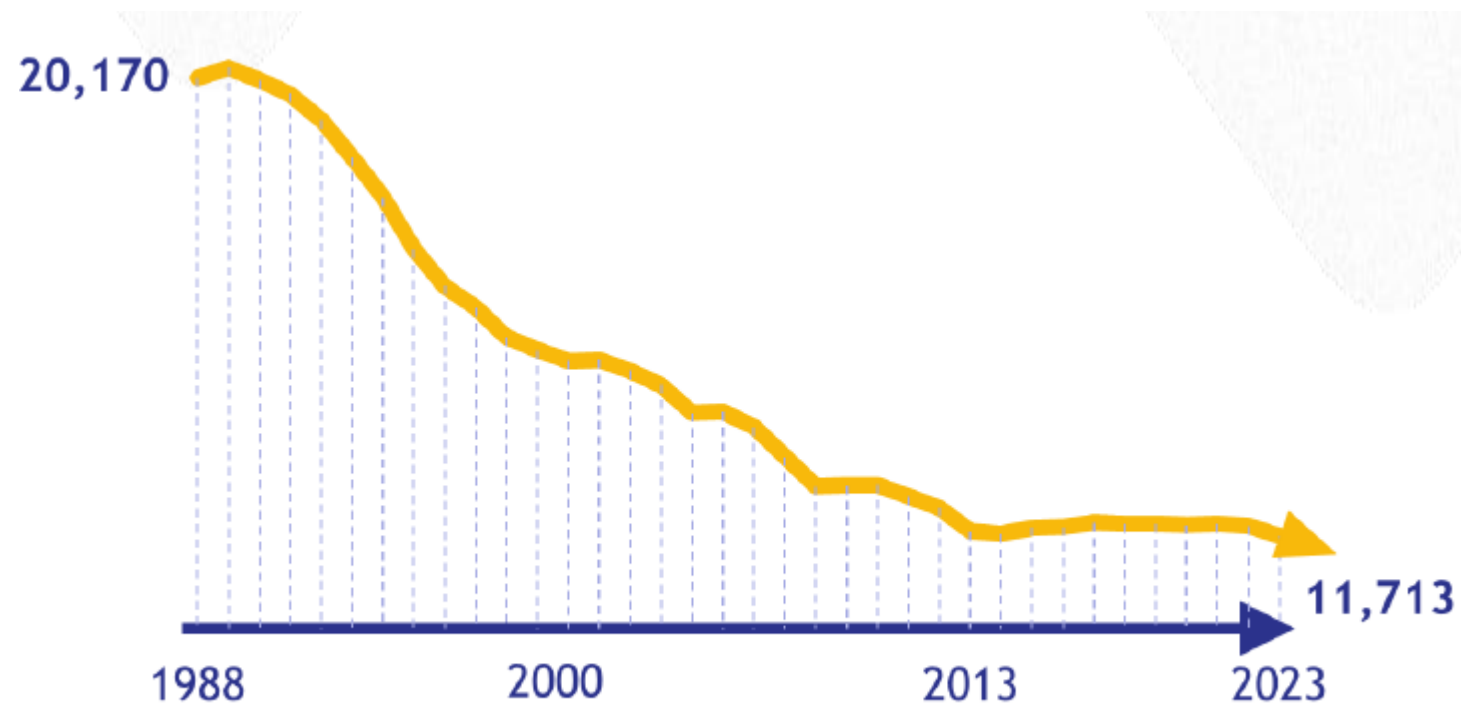

ASSOCIATION
canadienne des carburants

Canadian Fuels Association - Who We Are

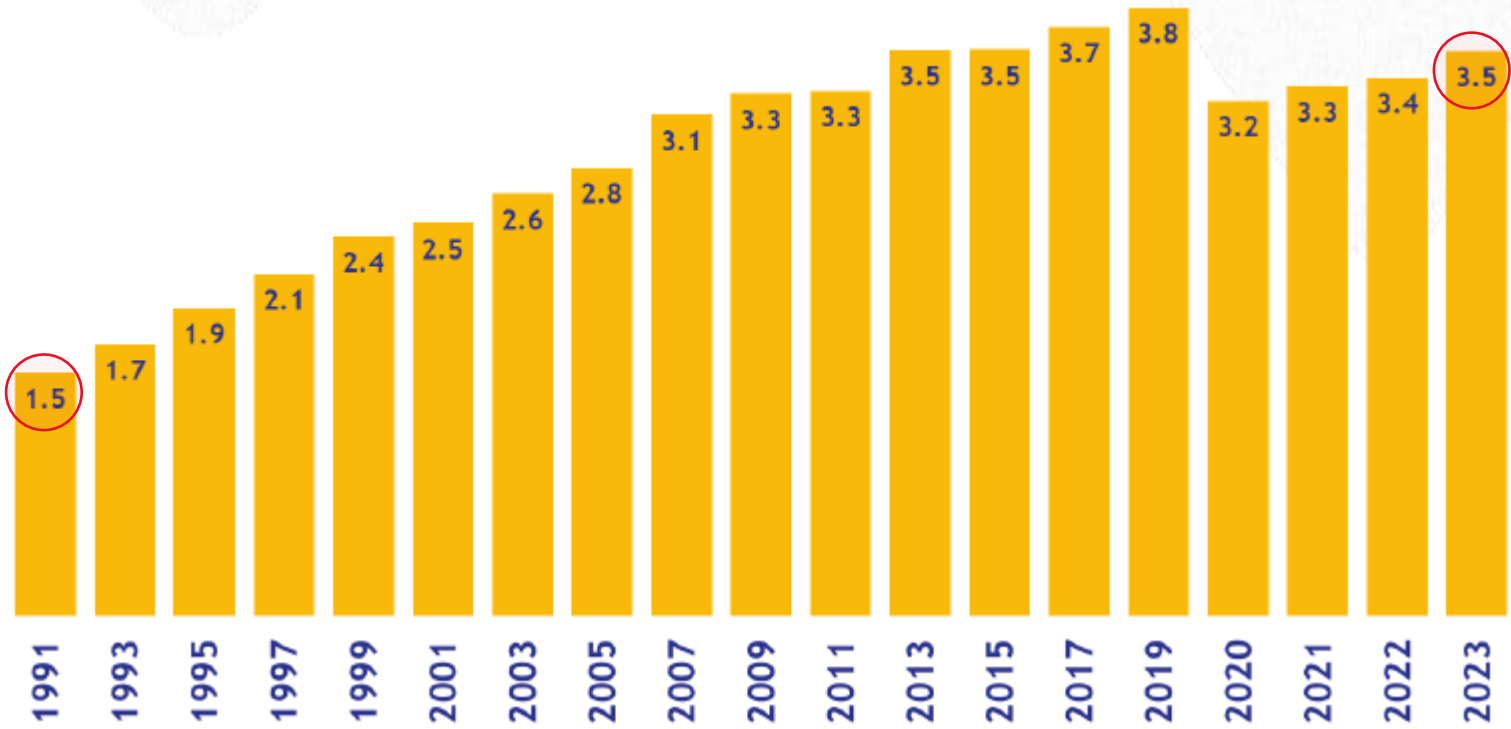

- We represent Canada's transportation fuels sector
- Supply 95% of transportation fuels in Canada (gasoline, diesel, jet, marine, biofuels, hydrogen, etc.) and soon, sustainable aviation fuel
- Our members make more than 70% of Canada's biofuels

Historical Canada retail gasoline site count

Remediation by CFA members

Canadian Fuels Association members only.
Canadian Fuels membership has changed over the past several years.
* Other sites include for example a bulk plant or a distribution terminal.

- Since 2009, CFA members have remediated 1935 surplus sites
- ~ 2/3 of those surplus sites are former service stations
